

Yellowstone County COVID-19 Unified Command

Donation Center

- The Yellowstone County COVID-19 Donation Center opened April 3, 2020, in the Sandstone Building at MetraPark
- The donation center's top priority is to help relieve the shortage of critical personal protective equipment (PPE) among healthcare providers.
- The center will initially be open limited hours to receive donated items. ***Call ahead to schedule a drop off time.*** Phone: 406.208.8154
- **Requested Items:**
 - N95 Respirators: 1860, 8210, Inovell 3000 and 1870, 1870+, 9210, 9211, 8511Z
 - Surgical masks, including ASTM Levels 1, 2, 3
 - Hand sanitizer, 70% alcohol preferred
 - Tyvek overalls
 - Tyvek hoods
 - Face shields
 - Thermometers, oral (digital) and no touch
 - Goggles (no splash preferred)
 - Disinfectants: (Fuzion item # 31478), Caviwipes, Clorox/Lysol disinfecting wipes
 - Isolation gowns (Fluid resistant)
- If possible, please bring items in original boxes. If that is not possible, bring items in a well-organized sturdy box, labeled with the name and number of each item.
- Instructions for cash donations will be provided at a later date.

Healthcare Volunteers Needed

In addition to medical supply donations, we are also asking people with expertise in the healthcare field – retired doctors, nurses, social workers, administrators, medical assistants and the like – consider donating their time to our community-wide effort. Please call 406-272-8511 or go to YouCanVolunteer.org to be added to a list of healthcare volunteers.
