

Financial Policies and Available Assistance for Clinic and Dental Services

Our Commitment to You

At RiverStone Health we are committed to providing quality healthcare and dental care at an affordable cost. We accept Medicare, Medicaid, Healthy Montana Kids and private insurance payments.

Our Sliding Fee Scale

RiverStone Health medical, behavioral health and dental services offer a sliding fee scale based on your ability to pay.

The scale is based on the federal poverty guidelines and required of all community health centers.

The scale provides a discount to individuals and families with an annual income up to 200% of federal poverty guidelines, which is a yearly income of \$62,500 for a family of four in 2024.

For patients at or below 100% of the federal poverty guidelines, the lowest fees are:

- \$25 one-time fee for all medical and behavioral health visits on the same day;
- Depending on the type of dental service received, a fee of \$25, \$50 or \$75 plus an amount to cover laboratory fees will be due on the day of service.

Our discounts range from 25% to 75% of the standard charges for patients between 100% and 200% of the federal poverty guidelines.

Applying for Sliding Fees

To apply for the sliding fee, you must fill out the [Sliding Fee Discount Program Enrollment](#) form containing proof of your household income and family size.

Examples of acceptable documentation of income include:

- One month of pay stubs for all employed adults
- Unemployment check stubs
- Social Security statement
- Most recent year's federal income tax return

If you do not have any type of income, the person who is providing support for you must fill out a [Patient Income Attestation](#) form. It must provide details on the type of support provided and the cost of that support. Examples of support include: housing, food, transportation and phone.

Applications for the sliding fee discounts are updated each year.

Reporting Changes

Changes in income or the size of your household may affect your sliding fee discount and must be reported as they occur. You may be required to repay any discount you received that you were not entitled to receive.

Intentionally misrepresenting your income or other information to apply for the sliding fee scale is a crime and may be prosecuted.
