

RiverStone Health Connections

Happy Spring! Our community is the center of everything we do at RiverStone Health.

To grow this connection, take a moment to explore the invaluable services we offer and the incredible work of our community partners.

Together, we are shaping a community that cares, supports and uplifts each other. Thank you for being a crucial part of this journey.

RiverStone Health Service Spotlight

We care for children of all ages with a variety of services. Our nurses, doctors and other healthcare professionals provide assessment and treatment for routine and special childhood needs.

RiverStone Health welcomes all children and turns no one away because of inability to pay. We accept Medicaid, Medicare, Healthy Montana Kids and private insurance. We also offer a sliding fee scale.

Immunizations

Our immunizations team provides all recommended childhood vaccines. No-cost or low-cost immunizations are provided if no insurance coverage. Medicaid and insurance accepted.

Pharmacy

When you or your child needs a prescription filled, our pharmacy is just down the hall from our primary care clinic. Medication financial assistance is available for our patients who do not have insurance.

Dental Care

Our dental clinic offers checkups, cleanings, fillings and sealants and is conveniently located in the primary care clinic building.

All families face behavioral & emotional challenges. Here are some indicators your child may need mental health support...

- Changed eating habits or sleep patterns
- Started hurting/teasing siblings, other children or animals
- Had problems at school
- Harmed themselves
- Received mental health services

At RiverStone Health you are at the center of everything we do with a focus on improving life, health and safety of our community. Serving the Yellowstone County community and south-central Montana for nearly 50 years, we are an essential provider of personal and public health services. Health, Education, Leadership and Protection – HELP is what we do.

From medical, dental and behavioral health; home care and hospice; public health services like immunizations, WIC, health promotion and restaurant inspections; and educating the next generation of health professionals, our expertise spans all ages and stages of life.
