

RiverStone Health Connections

As we recognize the importance of suicide prevention, it's essential to remember that we are stronger together as a community.

By fostering open conversations, supporting one another, and providing resources, we can make a difference in the lives of those who may be struggling. Together, we can help save lives and build a more connected, caring community.

Thank you for being a crucial part of this journey.

RiverStone Health Service Spotlight

RiverStone Health promotes suicide awareness and prevention efforts in Yellowstone County and the surrounding areas.

RiverStone Health collaborates with the Suicide Prevention Coalition of Yellowstone Valley to provide education and public awareness.

Contact RiverStone Health's Suicide Prevention team at 406.247.3305 or visit our website to learn more.

In our clinics, behavioral health is integrated into primary care to provide care we call "Safer Care in Suicide Prevention".

Our culture of care in our clinics around suicide:

- Get comfortable with the word suicide, you can do no harm by using the word suicide
- Give them an opportunity to talk
- Validate their pain, offer hope and a sense of belonging
- No fear, disgust or hesitancy
- Be warm, accepting and non-judgmental

Billings Public Schools, feeder schools and community partners are coming together on September 28th for a day full of fun. Join us at Saturday Live to raise money for our students.

Partner Spotlight: Suicide Prevention Coalition of Yellowstone Valley

The Suicide Prevention Coalition of Yellowstone Valley (SPCYV) is committed to suicide prevention. They strive to provide culturally sensitive education, to increase public awareness and to foster access to available resources for anyone feeling hopeless.

What SPCYV focuses on:

Education: educating the community about suicide risk factors and ways to intervene if they believe someone is suicidal.

Community: working on events and activities within the great Yellowstone Valley area to booster a sense of community and increase awareness of suicide. An example of this is their conference coming up on September 27.

Facilitating: striving to be the suicide prevention backbone within the community.

For more information or register for the conference click the button below, or call 406.247.3273 or **email at spcoalitionyv@gmail.com**

At RiverStone Health, you are at the center of everything we do with a focus on improving life, health and safety of our community. Serving the Yellowstone County community and south-central Montana for nearly 50 years, we are an essential provider of personal and public health services. Health, Education, Leadership and Protection – HELP is what we do.

We offer medical, dental and behavioral health; home care and hospice; public health services like immunizations, WIC, health promotion and restaurant inspections; and educate the next generation of health professionals. Our expertise spans all ages and stages of life.

If you would like to be a future partner spotlight, or learn more about RiverStone Health’s work in the community please reach out to our Communications team at **Communications@RiverStoneHealth.org** or 406.247.3387.
